**AQUABIKE ALU**  
INOBIKE 7 AIR

**40%**  
LIGHTER THAN  
STAINLESS  
STEEL

STRUCTURE  
ALUMINUM  
ANODIZED

**INNOVATION 2020**

Its new structure **6063 T6 anodized aluminum** allows it to display a featherweight of 14.8kg, ideal for **pool entrances and exits**, while ensuring perfect rigidity. Coupled with its wide feet and silicone suction cups, the Inobike 7 AIR is easy and reassuring to use.

Its feets multiple adjustments, the saddle and the handlebars, as well as its pedals with variable resistance make them resolutely polyvalent.

**INNOVATIVE HYDRAULIC SYSTEM WITH GEAR SHIFT LEVER**

Inobike 7 Air integrates a very advanced technology of adjustable hydraulic resistance with double propellers. Controlled by a gear lever with 3 levels of resistance, you can personalize your work-out.

**Position 0** : soft resistance offered by the pedal. Warm up and cool down phase.

**Speed 1** : Speed1 you get one propeller in action.

**Speed 2** : Speed 2 you combine the 2 propellers at the same time, to maximize the resistance and get the best of your work-out.

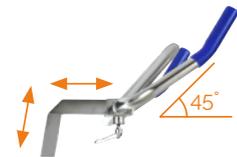

**AQUA DOUBLE SPEED PEDALS**

**+54%**  
RESISTANCE

Designed with a flap under the pedal to create additional resistance. Pedal closed, you have a soft resistance for warm up, open the flap and double the intensity. Customize your workout with this unique pedal.

**MULTI-POSITION HANDLEBAR**

**MULTI-ADJUST SADDLE**

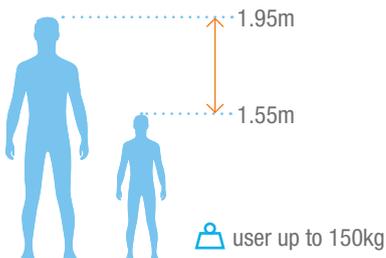

**EXPRESS DRAINAGE**

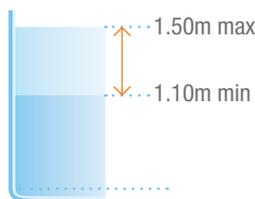

**SACRIFICIAL ANODE**

**ERGONOMICS FOR EVERYONE**

**ALL POOL TYPES**

Quality	Aluminium Tech T6
Finishion	Anodisation 15µm
Minimum dimensions	L 99 cm x W 55.90 cm x H 116.70 cm
Weight	15.2 kg
Water depth	1,10 m à 1,50 m
Garanty	2 years metal parts / 6 months wear parts
Reference	WX-IN07A

Certificated :

Edition Octobre 2019
